

Environmental Monitoring

What's happening in the outside environment today?

Complete the Environmental Monitoring chart using

A Weather app to find out!!

Sunrise		Temperature Minimum		Wind Speed		UV Rating	
Sunset		Temperature Maximum		Wind Direction		Rainfall	
High Tide		High Tide Height		Low Tide Time		Low Tide Height	
Air Pressure		Humidity		Moon Phase		Moon Percentage	

Challenge questions.

1. What is the winter solstice?
2. What is the highest UV rating on the index?
3. What does humidity measure?
4. What unit is air pressure measured in?
5. How many moon phases are there?
6. When is the next full moon?
7. What controls the tides?
8. What is an incoming tide called?
9. What is a spring tide?
10. What is a knot when describing wind speed?
11. What is the highest recorded maximum temperature on Earth?
12. Low air pressure usually brings what type of weather?
