

Investing for Success

Under this agreement for 2022

Boyne Island Environmental Education Centre will receive

\$5,633*

This funding will be used to

- Clarify and refine the way the Centre delivers education to client schools and students through innovative, hands on, real world learning experiences - BIEEC whole school approach to pedagogy
- Establish a strong culture of collegial coaching and intentional collaboration with other Outdoor and Environmental Education Centres (OEEC) in order to achieve reflective practice for school improvement

Our initiatives include

- Engage with other Outdoor and Environmental Education Centres to intentionally collaborate to share best practice in programs, coaching and teaching practice – senior biology, themed programs, pedagogical approaches (Pedagogy partnership with Tallebudgera OEEC)
- Undertake a refreshment professional development in collegial coaching to continue to build staff capability
- Strategically release teaching staff to write programs plans and develop resources – aligned with Australian Curriculum content and overlaid with BIEEC whole school approach to pedagogy
- Strategically release teaching staff to undertake collegial coaching cycles as both a coach and for opportunities to be coached for reflective practice

Our school will improve student outcomes by
